A reminder to please respect travel to towns and communities. As we begin to open, there are individuals who are still uncomfortable with recreational travel. **PPE is still required**; wear your masks in indoor public settings and all retail stores, as well as common areas in apartments and offices, keep your hands and belongings washed and sanitized.

While **hitaču** is open to all citizens, we do ask non-citizens and non-residents be mindful of travel into the community, **hitaču** remains closed to the general public.
