

Yuufu?if?ath Government Travel Restrictions

April 23, 2021

Provincial Health Orders have been updated.

Please Stay Home.

Travel restrictions for non-essential travel in BC are in place effective immediately, until May 25th, 2021. Fines can be given to people who leave their region for non-essential travel. Stay local and stay in your community. Do not travel for non-essential reasons.

What does this mean?

Travel has been reduced to health regions; the order combines B.C.'s five health authorities into three regions of the province. Travel into and out of the regions for non-essential reasons is not allowed and is now prohibited by law. Please see below for regions.

Police will not be engaging in random checks. Periodic road checks may be set up at key travel corridors (BC Ferries) during times associated with leisure travel to remind travellers of the order. Fines may be given up to \$575 for travel outside your region.

The health regions are:

- 🌀 **Lower Mainland and Fraser Valley** (Fraser Health and Vancouver Coastal Health)
- 🌀 **Northern/Interior** (Northern Health and Interior Health, including Bella Coola Valley, the Central Coast and Hope)
 - Residents from the Hope area can travel to Chilliwack for essential goods and supplies
 - Residents from the Bella Coola Valley and Central Coast area can travel to Port Hardy for essential goods and supplies
- 🌀 **Vancouver Island** (Vancouver Island Health)

Please stay in your Vancouver Island health regions:
