Community Trailers

A **community notice** was issued on Wednesday, October 5, contents were as stated below:

"Occupants of trailers on Yuutu?it?ath Government owned lands (i.e. those lands that have not been granted fee simple or are properties that have social housing or YG rental units) are in violation of section 6.2(a)(i) of the Community Safety and Trespass Act; a person must not without lawful authority occupy Yuutu?it?ath Lands. Any new trailers will not be permitted access to Yuutu?it?ath Lands.

Trailers are classified as a recreational vehicle (non-automotive or automotive) served to park as a temporary dwelling, and include travel trailers, 5th wheels, motorhomes, and RV's.

Yuutu?it?ath Government Administration have been directed to establish a temporary re-location for current trailers on Yuutu?it?ath owned lands, further preparing plans for a future, community trailer park.

The plans to place a temporary plot of land is underway and those in violation of the law noted above will be served with formal notice in the near future.

In the meantime, residents are advised to refrain from bringing in any trailers as outlined in this notice and encouraged to

call the main office at 250-726-7342 with any questions. Please ask for Zoltan Schaffer, Director of Lands and Resources or Suzanne Williams, Director of Operations."

The notice was issued to deter the influx of trailers in to the community, directed to those residing on Yuutu?it?ath Government owned lands.

The good news: land is being sought out to offer a short term, temporary, solution for owners/residents of trailers.

The great news: a long term plan is being drafted to build a functioning trailer park for community residents!

A community trailer park will benefit the livelihood of many residents, and we will further engage with the community as to where the project stands, as information becomes available.

PHIL HOOD

The thriving fishing village of Ucluelet was half Japanese before their over-night internment in 1942. This impacted three ethnic communities socially, psychologically and economically.

Interactive Workshop on effects of the WWII Internment on 3 Ucluelet communities:

Place: Ucluelet Community Centre, Ucluelet, BC

Date: Saturday, October 29, 2022

Time: 9:30 AM to 3:30 PM

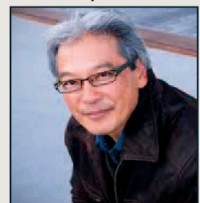

Complimentary lunch provided for those who book ahead

Ucluelet & Area Historical Society

The Ucluelet and Area Historical Society is hosting a Japanese Internment Story Telling event; Japanese Canadian Internment Effects on Ucluelet – Three Perspectives. The concept is to Remember, Recount and Reconcile.

The Historical Society invites you to join in person or by Zoom on **Saturday, October 29th**, for an all-day Round-Table storytelling event, focused on the effects of the removal in 1942 of all Japanese Canadians from the West Coast, Ucluelet.

Among the invitee list of encouraged participants are survivors of that time, descendants, and others, to meet for the day. Participants are encouraged to bring stories, photos, letters and journals, and other memorabilia to share. The Historical Society will also have photos on display.

This event is open to all interested people, whether they choose to actively participate by sharing stories and memories, or whether they are there to listen and learn.

The facilitator for the event will be Paul Kariya, a negotiator with the BC Government regarding the \$100 Million Redress Fund announced in May. Paul grew up in Ucluelet and has returned to live part-time in the community.

When you register, you may also add why you are interested in attending and if you have any questions you would like to be addressed. This is not mandatory, but welcome.

The Day's Events

The day will begin with a welcome from the Ucluelet First Nation, a welcome from the Ucluelet and Area Historical Society, and an introduction to the day's proceedings by the facilitator.

After introductions, there will be three short introductory talks, on the perspectives of the three Ucluelet Community groups of that time: The First Nations Community, the Japanese Canadians, and the white Settlers.

Introductions will be followed by a break, with facilitated conversations on the relationships of the three community groups.

After lunch, facilitated conversations and discussions will continue.

The plan is for a relaxed environment in which participants feel comfortable sharing their perspectives.

The day will then wrap up with evaluation of objectives set by participants at the start, and ideas for any next steps.

Location, Date, & Time:

Ucluelet Community Centre, 500 Matterson Drive, Activity Rooms 1 and 2. Saturday, October 29, 2022 at 9:00am

Registration

There is no fee for the event, and a complimentary lunch will be provided. Participants may also join in by Zoom.

Sort'nGo Program

Spencer Touchie, Brenda Sauve, Jodie Frank, Paulo Eichelberger

On Wednesday, September 14, representatives from the Alberni-Clayoquot Regional District (ACRD) presented the new Sort'nGo program to the community of hitaču. A great community turnout participated in the information session, which offered a dinner, complete with games and prizes.

We would like to thank Jodie Frank, Organics Coordinate for the informative presentation, including Paulo Eichelberger (Solid Waste Manager), Brenda Sauve (Environmental Services Coordinator), Colleen Dane (Communications), and our own Spencer Touchie, Assets Manager. Additionally, we would like to recognize our guests from Wildsafe BC, Toquaht, Surfrider, and our community RCMP.

The Sort'nGo program, set to launch this Fall, will be new for the community and will include garbage, recycling, and organics pickup. Carts are noted to be delivered October and/or November.

Information packages will soon be distributed to hitaču residents, by our newest member of the Assets team, Community Educator, Daniel Joseph. Door to door education will allow hitaču residents to better understand the new program and offer the option to ask any questions you may have.

We will continue to share information about the Sort'nGo program and a pick up schedule when available. This will also be available online at ufn.ca.

Fall into Sort'nGo! Dates for West Coast Residents

Did you miss the Sort'nGo engagement session in hitaču? All West Coast residents are invited to find out more about the upcoming Sort'nGo service, and ask questions at these October West Coast community events:

hitaču Quarry Regulation

The Yuułuʔiłʔatḥ Executive enacted the government's 56 regulation with the hitaču Quarry Regulation YFN6 56/2022.

The hitaču Quarry Regulation, enacted by the Executive on September 20, 2022, adds a secondary use in zoning district HL1 (Homelands 1)*, for the extraction of aggregate from pits and quarries to be used in relation to the construction of housing or other buildings and structures on Yuułuʔiłʔatḥ Lands for citizens, the Yuułuʔiłʔatḥ government or businesses, which may not be sold.

*Homelands (HL1), in accordance to the Zoning and Structures Act YFNS 51/2016, is established to assist the Yuułuʔiłʔatḥ government to achieve certain goals and objectives identified for home and community lands under section 4.1 of Schedule 1 to the Official Community Plan Act, and economic development under section 4.4 of Schedule 1 to the Official Community Plan Act.

HL1 is to provide a zoning district for low density residential use for single family homes. A lot in zoning district HL1 may be occupied for a primary use and a permitted secondary use.

The primary use of a lot in zoning district HL1 is residential use, with only one single unit dwelling.

The following uses are permitted as a secondary use on a lot in zoning district HL1:

(a) a secondary building and its related use which, for certainty, includes a dock, wharf or berth facility on a lot fronting the ocean

- (b) a bed and breakfast operation
- (c) a child day care
- (d) a home occupation
- (e) a secondary suite

And the new addition as of September 20, 2022:

(f) extraction of aggregate from pits and quarries, including gravel, stone and sand, and processing those subsurface resources, in accordance with all applicable laws.

The requirement that any aggregate extracted under this subsection:

- (i) must primarily be used in relation to the construction of housing on Yuułuʔiłʔatḥ lands for Yuułuʔiłʔatḥ citizens,
- (ii) may otherwise be used only in relation to the construction of administrative, community, recreational or commercial buildings and structures on Yuułuʔiłʔatḥ lands for a Yuułuʔiłʔatḥ institution, Yuułuʔiłʔatḥ citizens or a Yuułuʔiłʔatḥ business, and
- (iii) may not be sold.

First Nations Health Benefits and Services

First Nations Health Benefits and Services (FNHBS) changed the temporary mileage reimbursement rate on **September 16, 2022**. This change was for the Medical Transportation (MT) benefit to remain responsive to fluctuating gas prices.

Effective September 16, 2022, the MT mileage rate changed from \$0.32 to \$0.29. This change will be in effect until November 30, 2022. The change will also apply to the special mileage rate applicable to certain remote communities.

Learn more at www.fnha.ca > benefits > medical transportation.

The FNHBS will continue to monitor regional and provincial gas prices and may make further adjustments in response to this rapidly changing situation.

Please contact transportation@fnha.ca for any questions or comments that you may have.

Shift into Winter!

The weather may be warm and dry as of late, but we may be in for a wet, more than brisk winter, in the months to come.

BC advises shifting into your winter tires starting October 1, for higher elevations especially. This includes Highway 4.

Consider changing into your winter tires before the temperatures drop and always remember to drive safe!

A reminder to all hitaču residents, please abide by the 30 km/hr designated community speed. Be mindful of children on foot and bikes, especially around the times of 8am to 9am and 3pm to dusk.
