## WELCOME TO WEST COAST TRANSIT!

West Coast Transit will run seven days a week, except for statutory holidays. The service is designed as an introductory level of transit service to promote enhanced regional connectivity on the West Coast.

## WHAT IS WEST COAST TRANSIT?

The West Coast Transit service is an interim regional service provided by the ACRD in collaboration with its West Coast Committee member First Nations, municipalities, and agencies on the West Coast. The level of service provided is limited by the resources available and has been designed to meet the basic travel needs of the community currently. It is anticipated that this basic level of service can be incrementally improved when additional provincial funding is available.
