

Yuułuʔiłʔatḥ Government West Coast Transit

February 28, 2025

ʔuhʔaʕhasuu Citizens and Residents of hitaču,

Starting on Saturday, March 1, 2025, BC Transit will begin operating the West Coast Transit System that links hitaču, Esowista, Ty-histanis, Tofino, Ucluelet, and Long Beach. The transition brings five new buses to the fleet and more drivers to increase the consistency of transit services.

New bus signs are being installed that feature nuučaañuʔ language provided by Yuułuʔiłʔatḥ Government and other partnered nations. This is the first time an Indigenous language has been incorporated into BC Transit signage.

All tickets purchased before the switch to BC Transit will be honored and Yuułuʔiłʔatḥ Government intends to continue providing free bus fares for Yuułuʔiłʔatḥ citizens. Further information will be provided at a later date.

The new bus schedule can be found on bctransit.com/west-coast/schedules-and-maps/route-overview/route-1-tofino-ucluelet/ or download the Transit app to get real-time updates on the next bus arrival. Learn more at transitapp.com/ or by scanning the QR code with a cellphone camera. In the event of a cancelled trip or service interruption, updates will no longer be available on the Alberni-Clayoquot Reginal District Facebook page. For alerts on cancelled trips visit alerts.bctransit.com or use the Transit app.

Sincerely,

Yuułuʔiłʔatḥ Government – Ucluelet First Nation
